USAFACFS Circular  
No. 200-04-01

8 September 2004

Expires: 2 June 2005  
Environmental Quality

**HUNTING AND FISHING SEASONS AND BAG LIMITS**

\*This publication supersedes USAFACFS Circular 200-03-01, 7 August 2003.

**1. PURPOSE.** This circular provides specific information regarding season and daily fish and game limits that may be taken on Fort Sill (see appendix A).

**2. SCOPE.** This circular applies to persons who hunt or fish on the Fort Sill military reservation.

**3. GENERAL.**

a. Seasons for waterfowl are set by proclamation from the Oklahoma Department of Wildlife Conversation. Deer and waterfowl seasons and bag limits are printed in separate circulars. Furbearer regulations are posted at the Sportsmen Services Center (Building 1458, telephone number 442-3453/3553).

b. Methods of hunting and fishing are in accordance with State laws and USAFACFS publications. Information and publications are available at the Sportsmen Services Center and on the following website:

[http://sill-www.army.mil/doim/FS\\_Pubs/INDEX.htm](http://sill-www.army.mil/doim/FS_Pubs/INDEX.htm)

c. Sportsmen shall have in their possession a State license, unless exempt by law, a post permit and a range pass.

d. Prior to fishing outside of the cantonment area, each person will obtain one parking pass and range pass from the Sportsman Services Center. The only exception is fishing in Lake Elmer Thomas Recreational Area (LETRA). One member of each party may obtain passes for all party members. Passes will normally be available on a first-come-first-serve basis after 1200 on the day prior to the fishing activity. Post range passes will enable anglers to fish unrestricted areas not covered by firing overlays, with no requirement to check off the range. Anglers, who fish in restricted areas, must also obtain a range pass and are required to check [off the range](#) (either in person or by telephone) at the end of their fishing activity. Consult USAFACFS Regulation 200-1 for location of restricted areas. Anglers, in restricted areas, must clear the field by 2400 on the final date listed on their range pass. Restricted range passes will specify one

restricted area only, but may include post (nonrestricted areas) if desired. Hunting parties must check in and obtain a compartment, range, or area assignment each day. The sign-in sheet and maps are available at the Sportsman Services Center. At the end of each hunting day, hunters must check [off the range](#) (either in person or by telephone) within 1½ hours of official sunset. Night hunters must clear the range before 0600 on the morning after checkout.

e. Fort Sill Range Safety Course attendance is mandatory for each hunter and those anglers who wish to fish in restricted areas. Call 442-3553/3453 for a schedule of these courses.

f. Trapping is prohibited on Fort Sill unless authorized by Natural Resources and Enforcement Branch, Directorate of [Emergency Services \(DES\)](#).

g. Special hunting and fishing restrictions signed by the Fish and Wildlife Administrator and posted at the Sportsmen Services Center are official.

h. No person may possess, in the field, more than one daily bag limit of any game species on Fort Sill.

i. Immediately release protected fish regardless of their condition.

j. At Lake Elmer Thomas the daily limit of bass is 6 combined. No size limit applies to spotted bass. Return all other bass caught between 13" and 16" inches to the water immediately. With all other fish, follow state regulations. Lake Elmer Thomas has a no wake (idle speed) limit for all boats.

APPENDIX A  
2004-2005  
**SEASON AND BAG LIMITS**  
**FORT SILL, OKLAHOMA**
